How do I get an Allplan Bimplus team on the "STAGE" test server?
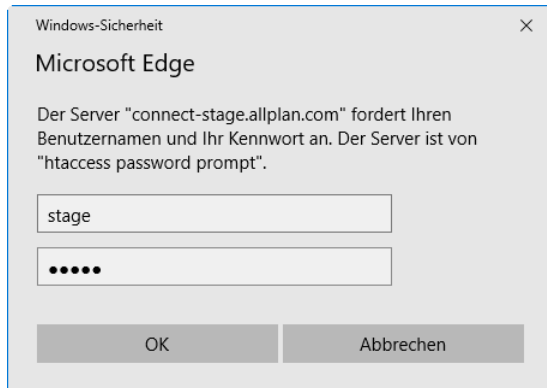

Registering on the test server STAGE

Calling https://connect-stage.allplan.com

You need additional authentication on the test server.
Username: stage
Password: stage

If you have never been logged in to the stage system before, you must register first.
You do not need to enter a CUSTOMER number.
Do you already have a valid access to STAGE go to the point **Create Bimplus Team**.

Click on link

Register and wait for the receipt of the registration confirmation by e-mail.

REGISTER NOW

❶   * Mandatory field

* Username	* Password	* Repeat Password	Customer ID ❓

* Email	* Repeat Email

Create a Bimplus team on the STAGE test server

Calling https://connect-stage.allplan.com

Log in with your account.

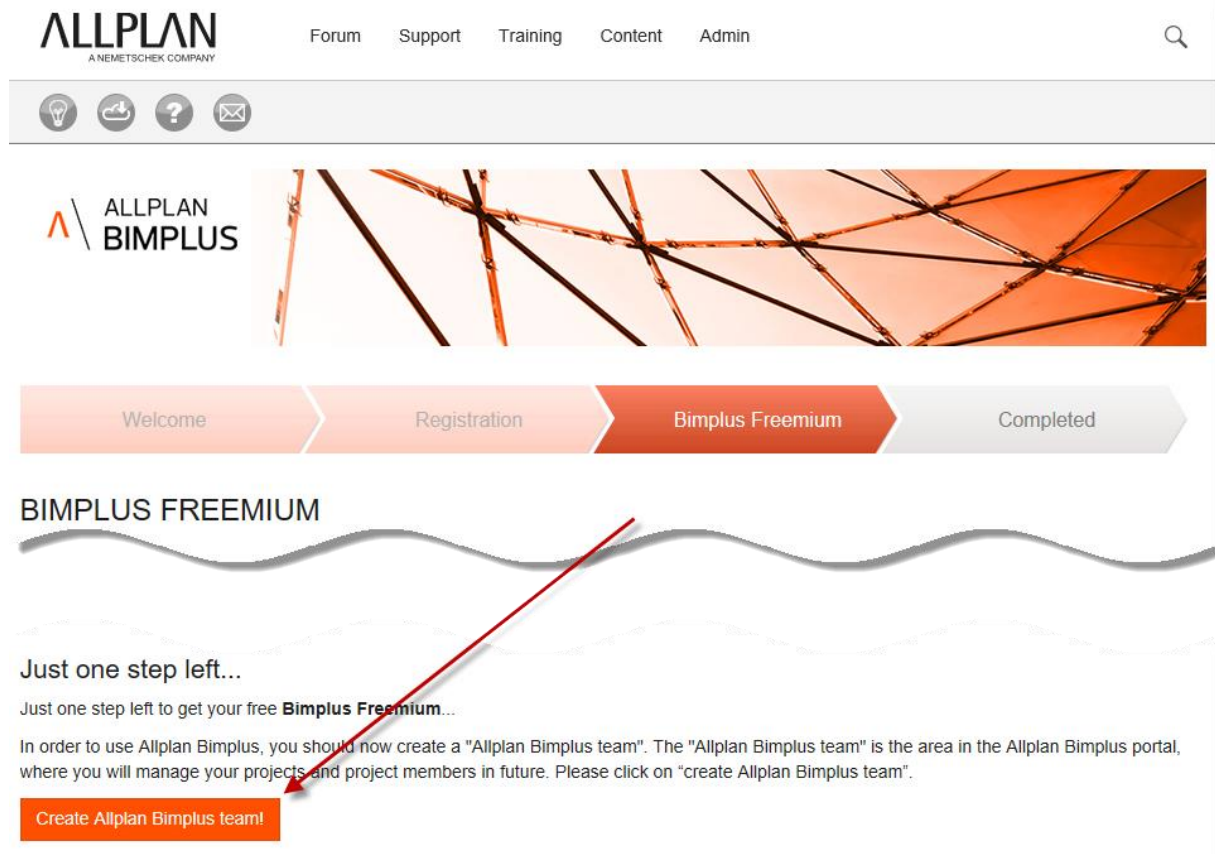

Click on **ALLPLAN BIMPLUS → Get your team**

Click on button

Create your Bimplus team here

The Bimplus team has been successfully created.

Click on the button to switch directly to Bimplus.

The link leads you to the Bimplus-STAGE-Server , which you can reach for later settings, creation and configuration of projects under the URL https://portal-stage.bimplus.net! Therefore, you should only use this URL during the test/beta phase.
